Consolidated Annual Performance and Evaluation Report (CAPER**) Measuring Performance Outcomes**

Virginia: 2016 - 2017

OMB Number 2506-0133 (Expiration Date: 12/31/2017)

The CAPER report for HOPWA formula grantees provides annual information on program accomplishments that supports program evaluation and the ability to measure program beneficiary outcomes as related to: maintain housing stability; prevent homelessness; and improve access to care and support. This information is also covered under the Consolidated Plan Management Process (CPMP) report and includes Narrative Responses and Performance Charts required under the Consolidated Planning regulations. The public reporting burden for the collection of information is estimated to average 42 hours per manual response, or less if an automated data collection and retrieval system is in use, along with 60 hours for record keeping, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Grantees are required to report on the activities undertaken only, thus there may be components of these reporting requirements that may not be applicable. This agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless that collection displays a valid OMB control number.

Overview. The Consolidated Annual Performance and Evaluation Report (CAPER) provides annual performance reporting on client outputs and outcomes that enables an assessment of grantee performance in achieving the housing stability outcome measure. The CAPER, in conjunction with the Integrated Disbursement Information System (IDIS), fulfills statutory and regulatory program reporting requirements and provides the grantee and HUD with the necessary information to assess the overall program performance and accomplishments against planned goals and objectives.

HOPWA formula grantees are required to submit a CAPER, and complete annual performance information for all activities undertaken during each program year in the IDIS, demonstrating coordination with other Consolidated Plan resources. HUD uses the CAPER and IDIS data to obtain essential information on grant activities, project sponsors, Subrecipient organizations, housing sites, units and households, and beneficiaries (which includes racial and ethnic data on program participants). The Consolidated Plan Management Process tool (CPMP) provides an optional tool to integrate the reporting of HOPWA specific activities with other planning and reporting on Consolidated Plan activities.

If no further HOPWA funds are used to support the facility, in place of completing Section 7B of the CAPER, the grantee must submit an Annual Certification of Continued Project Operation throughout the required use periods. This certification is included in Part 6 in CAPER. The required use period is three (3) years if the rehabilitation is non-substantial.

In connection with the development of the Department's standards for Homeless Management Information Systems (HMIS), universal data elements are being collected for clients of HOPWA-funded homeless assistance projects. These project sponsor/subrecipient records would include: Name, Social Security Number, Date of Birth, Ethnicity and Race, Gender, Veteran Status, Disabling Conditions, Residence Prior to Program Entry, Zip Code of Last Permanent Address, Housing Status, Program Entry Date, Program Exit Date, Personal Identification Number, and Household Identification Number. These are intended to match the elements under HMIS. The HOPWA program-level data elements include: Income and Sources, Non-Cash Benefits, HIV/AIDS Status, Services Provided, and Housing Status or Destination at the end of the operating year. Other suggested but optional elements are: Physical Disability, Developmental Disability, Chronic Health Condition, Mental Health, Substance Abuse, Domestic Violence, Date of Contact, Date of Engagement, Financial

Assistance, Housing Relocation & Stabilization Services, Employment, Education, General Health Status, , Pregnancy Status, Reasons for Leaving, Veteran's Information, and Children's Education. Other HOPWA projects sponsors may also benefit from collecting these data elements.

Filing Requirements. Within 90 days of the completion of each program year, grantees must submit their completed CAPER to the CPD Director in the grantee's State or Local HUD Field Office, and to the HOPWA Program Office: at HOPWA@hud.gov. Electronic submission to HOPWA Program office is preferred; however, if electronic submission is not possible, hard copies can be mailed to: Office of HIV/AIDS Housing, Room 7212, U.S. Department of Housing and Urban Development, 451 Seventh Street, SW, Washington, D.C.

Record Keeping. Names and other individual information must be kept confidential, as required by 24 CFR 574.440. However, HUD reserves the right to review the information used to complete this report for grants management oversight purposes, except for recording any names and other identifying information. **In the case that HUD must review client level data, no client names or identifying information will be retained or recorded. Information is reported in aggregate to HUD without personal identification. Do not submit client or personal information in data systems to HUD.**

Definitions

Adjustment for Duplication: Enables the calculation of unduplicated output totals by accounting for the total number of households or units that received more than one type of HOPWA assistance in a given service category such as HOPWA Subsidy Assistance or Supportive Services. For example, if a client household received both TBRA and STRMU during the operating year, report that household in the category of HOPWA Housing Subsidy Assistance in Part 3, Chart 1, Column [1b] in the following manner:

| HOPWA Housing Subsidy Assistance | | [1] Outputs: Number of Households |
|----------------------------------|--|-----------------------------------|
| 1. | Tenant-Based Rental Assistance | 1 |
| 2a. | Permanent Housing Facilities: Received Operating Subsidies/Leased units | |
| 2b. | Transitional/Short-term Facilities: Received Operating Subsidies | |
| 3a. | Permanent Housing Facilities: Capital Development Projects placed in service during the operating year | |
| 3b. | Transitional/Short-term Facilities: Capital Development Projects placed in service during the operating year | |
| 4. | Short-term Rent, Mortgage, and Utility Assistance | 1 |
| 5. | Adjustment for duplication (subtract) | 1 |
| 6. | TOTAL Housing Subsidy Assistance (Sum of Rows 1-4 minus Row 5) | 1 |

Administrative Costs: Costs for general management, oversight, coordination, evaluation, and reporting. By statute, grantee administrative costs are limited to 3% of total grant award, to be expended over the life of the grant. Project sponsor administrative costs are limited to 7% of the portion of the grant amount they receive.

Beneficiary(ies): All members of a household who received HOPWA assistance during the operating year including the one individual who qualified the household for HOPWA assistance as well as any other members of the household (with or without HIV) who benefitted from the assistance.

Central Contractor Registration (CCR): The primary registrant database for the U.S. Federal Government. CCR collects, validates, stores, and disseminates data in support of agency acquisition missions, including Federal agency contract and assistance awards. Both current and potential federal government registrants (**grantees**) are required to register in CCR in order to be awarded contracts by the federal government. Registrants must update or renew their registration at least once per year to maintain an active status. Although recipients of direct federal contracts and grant awards have been required to be registered with CCR since 2003, this requirement is now being extended to indirect recipients of federal funds with the passage of ARRA (American Recovery and Reinvestment Act). Per ARRA and FFATA (Federal Funding Accountability and Transparency Act) federal regulations, all **grantees** and sub-grantees or subcontractors receiving federal grant awards or contracts must have a DUNS (Data Universal Numbering System) Number.

Chronically Homeless Person: An individual or family who: (i) is homeless and lives or resides individual or family who: (i) Is homeless and lives or resides in a place not meant for human habitation, a safe haven, or in an emergency shelter; (ii) has been homeless and living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter continuously for at least 1 year or on at least 4 separate occasions in the last 3 years; and (iii) has an adult head of household (or a minor head of household if no adult is present in the household) with a diagnosable substance use disorder, serious mental illness, developmental disability (as defined in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (42 U.S.C. 15002)), post traumatic stress disorder, cognitive impairments resulting from a brain injury, or chronic physical illness or disability, including the co-occurrence of 2 or more of those conditions. Additionally, the statutory definition includes as chronically homeless a person who currently lives or resides in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital or other similar facility, and has resided there for fewer than 90 days if such person met the other criteria for homeless prior to entering that facility. (See 42 U.S.C. 11360(2)) This does not include doubled-up or overcrowding situations.

Disabling Condition: Evidencing a diagnosable substance use disorder, serious mental illness, developmental disability, chronic physical illness, or disability, including the co-occurrence of two or more of these conditions. In addition, a disabling condition may limit an individual's ability to work or perform one or more activities of daily living. An HIV/AIDS diagnosis is considered a disabling condition.

Facility-Based Housing Assistance: All eligible HOPWA Housing expenditures for or associated with supporting facilities including community residences, SRO dwellings, short-term facilities, project-based rental units, master leased units, and other housing facilities approved by HUD.

Faith-Based Organization: Religious organizations of three types: (1) congregations; (2) national networks, which include national denominations, their social service arms (for example, Catholic Charities, Lutheran Social Services), and networks of related organizations (such as YMCA and YWCA); and (3) freestanding religious organizations, which are incorporated separately from congregations and national networks.

Grassroots Organization: An organization headquartered in the local community where it provides services; has a social services budget of \$300,000 or less annually, and six or fewer full-time equivalent employees. Local affiliates of national organizations are not considered

“grassroots.”

HOPWA Eligible Individual: The one (1) low-income person with HIV/AIDS who qualifies a household for HOPWA assistance. This person may be considered “Head of Household.” When the CAPER asks for information on eligible individuals, report on this individual person only. Where there is more than one person with HIV/AIDS in the household, the additional PWH/A(s), would be considered a beneficiary(s).

HOPWA Housing Information Services: Services dedicated to helping persons living with HIV/AIDS and their families to identify, locate, and acquire housing. This may also include fair housing counseling for eligible persons who may encounter discrimination based on race, color, religion, sex, age, national origin, familial status, or handicap/disability.

HOPWA Housing Subsidy Assistance Total: The unduplicated number of households receiving housing subsidies (TBRA, STRMU, Permanent Housing Placement services and Master Leasing) and/or residing in units of facilities dedicated to persons living with HIV/AIDS and their families and supported with HOPWA funds during the operating year.

Household: A single individual or a family composed of two or more persons for which household incomes are used to determine eligibility and for calculation of the resident rent payment. The term is used for collecting data on changes in income, changes in access to services, receipt of housing information services, and outcomes on achieving housing stability. Live-In Aides (see definition for Live-In Aide) and non-beneficiaries (e.g. a shared housing arrangement with a roommate) who resided in the unit are not reported on in the CAPER.

Housing Stability: The degree to which the HOPWA project assisted beneficiaries to remain in stable housing during the operating year. See *Part 5: Determining Housing Stability Outcomes* for definitions of stable and unstable housing situations.

In-kind Leveraged Resources: These involve additional types of support provided to assist HOPWA beneficiaries such as volunteer services, materials, use of equipment and building space. The actual value of the support can be the contribution of professional services, based on customary rates for this specialized support, or actual costs contributed from other leveraged resources. In determining a rate for the contribution of volunteer time and services, use the rate established in HUD notices, such as the rate of ten dollars per hour. The value of any donated material, equipment, building, or lease should be based on the fair market value at time of donation. Related documentation can be from recent bills of sales, advertised prices, appraisals, or other information for comparable property similarly situated.

Leveraged Funds: The amount of funds expended during the operating year from non-HOPWA federal, state, local, and private sources by grantees or sponsors in dedicating assistance to this client population. Leveraged funds or other assistance are used directly in or in support of HOPWA program delivery.

Live-In Aide: A person who resides with the HOPWA Eligible Individual and who meets the following criteria: (1) is essential to the care and well-being of the person; (2) is not obligated for the support of the person; and (3) would not be living in the unit except to provide the necessary supportive services. See the *Code of Federal Regulations Title 24, Part 5.403 and the HOPWA Grantee Oversight Resource Guide* for additional reference.

Master Leasing: Applies to a nonprofit or public agency that leases units of housing (scattered-sites or entire buildings) from a landlord, and subleases the units to homeless or low-income tenants. By assuming the tenancy burden, the agency facilitates housing of clients who may not be able to maintain a lease on their own due to poor credit, evictions, or lack of sufficient income.

Operating Costs: Applies to facility-based housing only, for facilities that are currently open. Operating costs can include day-to-day housing

function and operation costs like utilities, maintenance, equipment, insurance, security, furnishings, supplies and salary for staff costs directly related to the housing project but not staff costs for delivering services.

Outcome: The degree to which the HOPWA assisted household has been enabled to establish or maintain a stable living environment in housing that is safe, decent, and sanitary, (per the regulations at 24 CFR 574.310(b)) and to reduce the risks of homelessness, and improve access to HIV treatment and other health care and support.

Output: The number of units of housing or households that receive HOPWA assistance during the operating year.

Permanent Housing Placement: A supportive housing service that helps establish the household in the housing unit, including but not limited to reasonable costs for security deposits not to exceed two months of rent costs.

Program Income: Gross income directly generated from the use of HOPWA funds, including repayments. See grant administration requirements on program income for state and local governments at 24 CFR 85.25, or for non-profits at 24 CFR 84.24.

Project-Based Rental Assistance (PBRA): A rental subsidy program that is tied to specific facilities or units owned or controlled by a project sponsor or Subrecipient. Assistance is tied directly to the properties and is not portable or transferable.

Project Sponsor Organizations: Any nonprofit organization or governmental housing agency that receives funds under a contract with the grantee to provide eligible housing and other support services or administrative services as defined in 24 CFR 574.300. Project Sponsor organizations are required to provide performance data on households served and funds expended. Funding flows to a project sponsor as follows:

HUD Funding → Grantee → Project Sponsor

Short-Term Rent, Mortgage, and Utility (STRMU) Assistance: A time-limited, housing subsidy assistance designed to prevent homelessness and increase housing stability. Grantees may provide assistance for up to 21 weeks in any 52 week period. The amount of assistance varies per client depending on funds available, tenant need and program guidelines.

Stewardship Units: Units developed with HOPWA, where HOPWA funds were used for acquisition, new construction and rehabilitation that no longer receive operating subsidies from HOPWA. Report information for the units is subject to the three-year use agreement if rehabilitation is non-substantial and to the ten-year use agreement if rehabilitation is substantial.

Subrecipient Organization: Any organization that receives funds from a project sponsor to provide eligible housing and other support services and/or administrative services as defined in 24 CFR 574.300. If a subrecipient organization provides housing and/or other supportive services directly to clients, the subrecipient organization must provide performance data on household served and funds expended. Funding flows to subrecipients as follows:

HUD Funding → Grantee → Project Sponsor → Subrecipient

Tenant-Based Rental Assistance (TBRA): TBRA is a rental subsidy program similar to the Housing Choice Voucher program that grantees can provide to help low-income households access affordable housing. The TBRA voucher is not tied to a specific unit, so tenants may move to a different unit without losing their assistance, subject to individual program rules. The subsidy amount is determined in part based on household income and rental costs associated with the tenant's lease.

Transgender: Transgender is defined as a person who identifies with, or presents as, a gender that is different from his/her gender at birth.

Veteran: A veteran is someone who has served on active duty in the Armed Forces of the United States. This does not include inactive military reserves or the National Guard unless the person was called up to active duty.

3. Administrative Subrecipient Information

Use Chart 3 to provide the following information for each subrecipient with a contract/agreement of \$25,000 or greater that assists project sponsors to carry out their administrative services but no services directly to client households. Agreements include: grants, subgrants, loans, awards, cooperative agreements, and other forms of financial assistance; and contracts, subcontracts, purchase orders, task orders, and delivery orders. (Organizations listed may have contracts with project sponsors) These elements address requirements in the Federal Funding and Accountability and Transparency Act of 2006 (Public Law 109-282).

Note: Please see the definitions for distinctions between project sponsor and subrecipient.

Note: If any information does not apply to your organization, please enter N/A.

4. Program Subrecipient Information

Complete the following information for each subrecipient organization providing HOPWA-funded services to client households. These organizations would hold a contract/agreement with a project sponsor(s) to provide these services. For example, a subrecipient organization may receive funds from a project sponsor to provide nutritional services for clients residing within a HOPWA facility-based housing program. Please note that subrecipients who work directly with client households must provide performance data for the grantee to include in Parts 2-7 of the CAPER.

Note: Please see the definition of a subrecipient for more information.

Note: Types of contracts/agreements may include: grants, sub-grants, loans, awards, cooperative agreements, and other forms of financial assistance; and contracts, subcontracts, purchase orders, task orders, and delivery orders.

Note: If any information is not applicable to the organization, please report N/A in the appropriate box. Do not leave boxes blank.

5. Grantee Narrative and Performance Assessment

a. Grantee and Community Overview

Provide a one to three page narrative summarizing major achievements and highlights that were proposed and completed during the program year. Include a brief description of the grant organization, area of service, the name(s) of the program contact(s), and an overview of the range/type of housing activities provided. This overview may be used for public information, including posting on HUD's website. **Note:** Text fields are expandable.

The mission of the Department of Housing and Community Development (DHCD) is to work in partnership "to make Virginia's communities safe, affordable, and prosperous places in which to live, work, and do business."

The 2016-17 Virginia Department of Housing and Community Development Program was administered through 7 project sponsors across the state of Virginia. These project sponsors provided housing assistance to 257 households. The assistance provided included:

- Short-term rent, utility, and mortgage assistance (STRUM);
- Tenant-based rental assistance (TBRA);
- Permanent Housing Placement;
- Housing Information Services; and
- Supportive Services

As an eligible state, the Commonwealth of Virginia receives a HOPWA formula grant, administered by the Department of Housing and Community Development (DHCD). Thereby, DHCD grants these HOPWA funds to eligible project sponsors (that operate outside the state's EMSAs) following a competitive application process. Currently, the state HOPWA program encompasses 31,749 square miles.

Funds received through HOPWA only supported clients and programs within Virginia's non-eligible metropolitan statistical areas. HOPWA eligible metropolitan areas receive their HOPWA allocations directly from HUD and have specific guidelines and separate processes not included within the Virginia HOPWA program process or program.

Significantly limited funds are available to meet all the needed housing assistance for moderate to low income individuals with HIV/AIDS in Virginia's non-eligible metropolitan statistical areas. As a result, the funds through this program were focused on direct housing assistance as needed and supportive services as a last resort only for the individuals receiving housing assistance through the HOPWA program. Project Sponsors are strongly encouraged to partner with other service providers (both public and private) to coordinate client services and fully leverage available resources in their particular service areas. At least 65 percent of the total HOPWA grant to any one grantee must be expended on direct housing assistance and no more than 35% can be expended on supportive services. Eligible housing activities (direct housing assistance) for this HOPWA program are:

- Tenant based rental assistance (TBRA)
- Short-term rental mortgage and utility assistance (STRMU)
- Permanent Housing Placement Services (Utility deposits)

The Department deducted from the State's allocation the allowable three percent for administration. These funds were used to pay staff costs associated with administering the HOPWA grant (including travel costs for required site visits, technical assistance, training, and other materials directly related to the program).

b. Annual Performance under the Action Plan

Provide a narrative addressing each of the following four items:

1. Outputs Reported. Describe significant accomplishments or challenges in achieving the number of housing units supported and the number households assisted with HOPWA funds during this operating year compared to plans for this assistance, as approved in the Consolidated Plan/Action Plan. Describe how HOPWA funds were distributed during your program year among different categories of housing and geographic areas to address needs throughout the grant service area, consistent with approved plans.

The state's HOPWA program is distributed through seven experienced HOPWA providers. The numbers served overall and by type of assistance have been fairly consistent over the past three years.

2. Outcomes Assessed. Assess your program's success in enabling HOPWA beneficiaries to establish and/or better maintain a stable living environment in housing that is safe, decent, and sanitary, and improve access to care. Compare current year results to baseline results for clients. Describe how program activities/projects contributed to meeting stated goals. If program did not achieve expected targets, please describe how your program plans to address challenges in program implementation and the steps currently being taken to achieve goals in next operating year. If your program exceeded program targets, please describe strategies the program utilized and how those contributed to program successes.

Most (93.5 percent) of those served with TBRA remained in stable permanent housing situations. This up from 85 percent in the prior year. Seventy percent of those receiving STRMU were stable in what is considered permanent housing. This is down slightly from 75 percent in the prior year.

3. Coordination. Report on program coordination with other mainstream housing and supportive services resources, including the use of committed leveraging from other public and private sources that helped to address needs for eligible persons identified in the Consolidated Plan/Strategic Plan.

The state includes its HOPWA program in the community-based funding strategies used to encourage local community planning to prevent and end homelessness. This means that local communities must include HOPWA in their overall assessment of available resources and make appropriate measures to leverage these resources to meet identified local needs. State grantees must assure that all state and federal HOPWA and homeless services resources are coordinated with other local and mainstream resources.

4. Technical Assistance. Describe any program technical assistance needs and how they would benefit program beneficiaries.

The Department of Housing and Community Development continues to monitor project sponsors and provide ongoing technical assistance. No technical assistance needs outside of those measures already in place have been identified at this time.

c. Barriers and Trends Overview

Provide a narrative addressing items 1 through 3. Explain how barriers and trends affected your program's ability to achieve the objectives and outcomes discussed in the previous section.

1. Describe any barriers (including regulatory and non-regulatory) encountered in the administration or implementation of the HOPWA program, how they affected your program's ability to achieve the objectives and outcomes discussed, and, actions taken in response to barriers, and recommendations for program improvement. Provide an explanation for each barrier selected.

Transportation barriers, limited affordable housing options, and criminal backgrounds are barriers that impact the state's HOPWA program. The state's program covers predominately rural areas with limited or no access to public transportation. This means that customers have barriers to accessing HOPWA services and healthcare. Existing housing and other housing opportunities are often not located in proximity to community services. Project sponsors are coordinating access to assessments and services with other service providers to outreach to HOPWA eligible households. Coordination and flexibility in accessing services are encouraged.

HOPWA eligible clients often require ongoing rent subsidies in order to maintain affordable housing. Unfortunately, HOPWA resources are limited and not a viable long-term solution. Project sponsors are encouraged to work closely with local housing authorities to help facilitate client access to long-term subsidies. All HOPWA clients are required to seek other mainstream resources as these are available.

HOPWA project sponsors in conjunction with their local Continuum of Care are working with landlords to help eliminate criminal backgrounds as a barrier for their clients.

2. Describe any trends in the community that may affect the way in which the needs of persons living with HIV/AIDS are being addressed, and provide any other information important to the future provision of services to this population.

HOPWA funding is now being coordinated on a local level through the local Continuum of Care. This is helping to better leverage other local resources to address where appropriate housing and service needs.

3. Identify any evaluations, studies, or other assessments of the HOPWA program that are available to the public.

No recent studies available.

d. Unmet Housing Needs: An Assessment of Unmet Housing Needs

In Chart 1, provide an assessment of the number of HOPWA-eligible households that require HOPWA housing subsidy assistance but are not currently served by any HOPWA-funded housing subsidy assistance in this service area.

In Row 1, report the total unmet need of the geographical service area, as reported in *Unmet Needs for Persons with HIV/AIDS*, Chart 1B of the Consolidated or Annual Plan(s), or as reported under HOPWA worksheet in the Needs Workbook of the Consolidated Planning Management Process (CPMP) tool.

Note: Report most current data available, through Consolidated or Annual Plan(s), and account for local housing issues, or changes in HIV/AIDS cases, by using combination of one or more of the sources in Chart 2.

If data is collected on the type of housing that is needed in Rows a. through c., enter the number of HOPWA-eligible households by type of housing subsidy assistance needed. For an approximate breakdown of overall unmet need by type of housing subsidy assistance refer to the Consolidated or Annual Plan (s), CPMP tool or local distribution of funds. Do not include clients who are already receiving HOPWA-funded housing subsidy assistance.

Refer to Chart 2, and check all sources consulted to calculate unmet need. Reference any data from neighboring states' or municipalities' Consolidated Plan or other planning efforts that informed the assessment of Unmet Need in your service area.

Note: In order to ensure that the unmet need assessment for the region is comprehensive, HOPWA formula grantees should include those unmet needs assessed by HOPWA competitive grantees operating within the service area.

| | |
|--|---|
| 1. Total number of households that have unmet housing subsidy assistance need. | 0 |

PART 2: Sources of Leveraging and Program Income

1. Sources of Leveraging

Report the source(s) of cash or in-kind leveraged federal, state, local or private resources identified in the Consolidated or Annual Plan and used in the delivery of the HOPWA program and the amount of leveraged dollars. In Column [1], identify the type of leveraging. Some common sources of leveraged funds have been provided as a reference point. You may add Rows as necessary to report all sources of leveraged funds. Include Resident Rent payments paid by clients directly to private landlords. Do NOT include rents paid directly to a HOPWA program as this will be reported in the next section. In Column [2] report the amount of leveraged funds expended during the operating year. Use Column [3] to provide some detail about the type of leveraged contribution (e.g., case management services or clothing donations). In Column [4], check the appropriate box to indicate whether the leveraged contribution was a housing subsidy assistance or another form of support.

Note: Be sure to report on the number of households supported with these leveraged funds in Part 3, Chart 1, Column d.

PART 3: Accomplishment Data Planned Goal and Actual Outputs

In Chart 1, enter performance information (goals and actual outputs) for all activities undertaken during the operating year supported with HOPWA funds. Performance is measured by the number of households and units of housing that were supported with HOPWA or other federal, state, local, or private funds for the purposes of providing housing assistance and support to persons living with HIV/AIDS and their families.

Note: The total households assisted with HOPWA funds and reported in PART 3 of the CAPER should be the same as reported in the annual year-end IDIS data, and goals reported should be consistent with the Annual Plan information. Any discrepancies or deviations should be explained in the narrative section of PART 1.

Section 2. Prevention of Homelessness: Assessment of Client Outcomes on Reduced Risks of Homelessness (Short-Term Housing Subsidy Assistance)

Report the total number of households that received STRMU assistance in Column [1].

In Column [2], identify the outcomes of the households reported in Column [1] either at the time that they were known to have left the STRMU program or through the project sponsor or subrecipient's best assessment for stability at the end of the operating year.

Information in Column [3] provides a description of housing outcomes; therefore, data is not required.

At the bottom of the chart:

- In Row 1a., report those households that received STRMU assistance during the operating year of this report, and the prior operating year.
- In Row 1b., report those households that received STRMU assistance during the operating year of this report, and the two prior operating years.

Data Check: The total households reported as served with STRMU in Column [1] equals the total reported in Part 3, Chart 1, Row 4, Column b.

Data Check: The sum of Column [2] should equal the number of households reported in Column [1].

Background on HOPWA Housing Stability Codes Stable Permanent Housing/Ongoing Participation

3 = Private Housing in the private rental or home ownership market (without known subsidy, including permanent placement with families or other self-sufficient arrangements) with reasonable expectation that additional support is not needed.

4 = Other HOPWA-funded housing subsidy assistance (not STRMU), e.g. TBRA or Facility-Based Assistance.

5 = Other subsidized house or apartment (non-HOPWA sources, e.g., Section 8, HOME, public housing).

6 = Institutional setting with greater support and continued residence expected (e.g., residential or long-term care facility).

Temporary Housing

2 = Temporary housing - moved in with family/friends or other short-term arrangement, such as Ryan White subsidy, transitional housing for homeless, or temporary placement in institution (e.g., hospital, psychiatric hospital or other psychiatric facility, substance abuse treatment facility or detox center).

Unstable Arrangements

1 = Emergency shelter or no housing destination such as places not meant for habitation (e.g., a vehicle, an abandoned building, bus/train/subway station, or anywhere outside).

7 = Jail /prison.

8 = Disconnected or disappeared from project support, unknown destination or no assessments of housing needs were undertaken.

Life Event

9 = Death, i.e., remained in housing until death. This characteristic is not factored into the housing stability equation.

Tenant-based Rental Assistance: Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as reported under: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item: 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Permanent Facility-Based Housing Assistance: Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Transitional/Short-Term Facility-Based Housing Assistance: Stable Housing is the sum of the number of households that (i) continue in the residences (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Other Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Tenure Assessment. A baseline of households in transitional/short-term facilities for assessment purposes, indicate the number of households whose tenure exceeded 24 months.

STRMU Assistance: Stable Housing is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period and there is reasonable expectation that additional support is not needed in order to maintain permanent housing living situation (as this is a time-limited form of housing support) as reported under housing status: Maintain Private Housing with subsidy; Other Private with Subsidy; Other HOPWA support; Other Housing Subsidy; and Institution. Temporarily Stable, with Reduced Risk of Homelessness is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period or left their current housing arrangement for a transitional facility or other temporary/non-permanent housing arrangement and there is reasonable expectation additional support will be needed to maintain housing arrangements in the next year, as reported under housing status: Likely to maintain current housing arrangements, with additional STRMU assistance; Transitional Facilities/Short-term; and Temporary/Non-Permanent Housing arrangements. Unstable Situation is the sum of number of households reported under housing status: Emergency Shelter; Jail/Prison; and Disconnected.

PART 6: Annual Certification of Continued Usage for HOPWA Facility-Based Stewardship Units (ONLY)

The Annual Certification of Usage for HOPWA Facility-Based Stewardship Units is to be used in place of Part 7B of the CAPER if the facility was originally acquired, rehabilitated or constructed/developed in part with HOPWA funds but no HOPWA funds were expended during the operating year. Scattered site units may be grouped together on one page.

Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation are required to operate their facilities for HOPWA eligible individuals for at least ten (10) years. If non-substantial rehabilitation funds were used they are required to operate for at least three (3) years. Stewardship begins once the facility is put into operation.

Note: See definition of *Stewardship Units*.
